Statements of Witnesses - Secret Service Agent WARREN W. TAYLOR

November 29, 1963, Vol. XVIII, pp.782-4

He was in the Vice Presidential detail with Mrs. Johnson. He heard 3 shots, the latter two apparently in rapid succession. He was not certain the first was a shot. He could see nothing. He estimated the time to the hospital at 3 minutes. The balance of the report is devoted to various security measures.
